

Nasty Boy Klick, Summertime

**** (Chorus) ****

Summertime is here
And it feels so good
Kickin it
Rollin through my neighborhood
Music is bumpin
And the girlies look so fine
I just her
I just love the summertime

Yo wats up to all my homies in the world today
I gotta summertime jam that I must display
Kinda tastes like a piece of pie
So you can savor
Yo J, one more time so they can get the flavor

**** (Chorus) ****

Wakin up this-a mornin Jump out of bed
I gotta summertime thought Creepin through my head
Thinkin of the past And the stuff we used to do
