

# Nasty Boy Clique, Radio Song

(chorus)

Everytime I hear this song playin on the radio  
It just reminds me of how much I love you so  
EveryTime I think of you I just want to call you boy  
to let you know that I will always be there for u

Whats going on baby girl its been a long long time that I  
told you what im feeling inside  
you know it seems to me that all I think about  
is u  
ruby red lips to the way you move your hips  
im trying to be the perfect man  
always gettin lost in love down for yours on this Az side  
im crushing in my limit and u always on my mind  
its even better when u right  
there by my side  
im analyzing what u say and what u do  
and everybodys jealous cause i'd rather be  
with u  
but thats aight and maybe scandalous 2 reservations  
at the marriot a suite for 2  
time flys we over lo0k the city lights from the mountain tops  
u be presSin that  
rewind  
slow jams long stems tell me what u want to have  
I want to be the one to give you everything

(chorus)

now from the view i've been lo0kin at lo0kin at u  
cl0wn at the other guys  
creepin threw the crowd  
thinkin they can  
while u just loungin thinkin of me in the lime light to get  
your life change something  
and I know most of em are like the one before em  
so ignore em and a playa for  
me will thank u for it  
for the throwed of your loving alones  
to have the hardest playas hard on for  
every seond your gone  
and thats aight to let your ice shine brown eyes  
light skin big lips with latin  
vibes and I knew why she was  
quick to pass by cuz I kept lo0king and  
I wondered to myself if I had been  
misto0ken f0r a player heart breaker  
who laid with a few #'s to many for u  
but who u gonna listen to a liar whos  
trying to take your heart
