## Nasum, Bullshit

(Music & amp; lyrics: Mieszko A. Talarczyk)

You claim you're being civilized A barbarian tribe forcing it's views upon a world you hardly recognize Securing your wealth with brutal force You call it "defence"

When will you wake up and realize There will come a time when enough is enough The ones you shit on, on your way up Will surely shit on you on your way down

Defence? Bullshit! Defence? Bullshit!
