

Nasum, Information Is Free

Information is free - you can't deny that
Information is free - you can't keep it back

You'll always be someone, there's no place to hide
Nowhere's a haven - you're a page in the book

Information is free - I'll know what you've done
Information is free - I'll know where you are

You'll always be someone, there's no place to hide
Nowhere's a haven - you're a page in the book
