

# Nasum, Masquerade

A governmental promise is just a disguise  
And a bad excuse for their real intimidations  
It's just a fucking masquerade!

A restrained government is just another slave  
In the red-tape society that leave us all behind  
It's just a fucking masquerade!

A governmental cut-down or rationalization  
Is the highest form of terrorism  
It's just a fucking masquerade!

A "worker's politician" is just a cover-up  
For the reasons behind the mistakes  
It's just a fucking masquerade!
