

Nat Stuckey, That's All That Matters

I know I'm not your first love they're just a past memory
For I'm the one that's got you now and that's all that matters to me
I know other arms have held you but I'm not jealous of these
For mine are the arms that hold you now and that's all that matters to me
I came alive when you came along you brought life back to me
And I don't care what's in your past you're as far as far as I can see
I know other lips have kissed you and I know you've been thrilled and pleased
But mine are the lips that kiss you now and that's all that matters to me
And that's all that matters to me
