

Nat Stuckey, Together Again

Together again all my tears have stopped falling

The long lonely nights are now at an end

The key to my heart you hold in your hand

And nothing else matters we're together again

(guitar - steel)

Together again all my grey skies are gone

You're back in my arms and that's where you belong

The love that I knew is living again and nothing else matters we're together again

And nothing else matters now we're together again
