

# Natalia 'Natu' Przybysz, Blue notebook

I saw a beautiful door  
Leading to somebody's home  
Someone who likes to read  
Someone with a big heart  
That moment I wanted to stay  
Cause inside it felt so safe  
Invited by Your kiss  
Believed that I'm steel free  
Blue notebook on his desk  
Made me so curious at first  
I gently opened last page  
I found there my name  
Never knew that I ment  
so much for You before  
Never knew that I was  
someone You care for  
never knew that You would write  
my name with Your hand  
Never knew I was  
Your type was Your girl  
N.A.T.A.L.I.A. on Your page  
Made me realize that I want to stay  
N.A.T.A.L.I.A on Your page  
Made me realize forever I'm Your girl  
Blue notebook on Your desk  
Made me so happy today  
Blue notebook on Your desk  
Brought me some happiness  
My life won't be the same  
Blue notebook caused the big change  
Like a tasty fruit of my mind  
It got me flying high  
And times when you're away  
I often sit by Your desk  
Then longing for those hands  
that once wrote my name  
N.A.T.A.L.I.A. on Your page  
Made me realize that I want to stay  
N.A.T.A.L.I.A on Your page  
Made me realize forever I'm Your girl  
Blue notebook on Your desk  
Made me so happy today  
Blue notebook on Your desk  
Brought me some...
