

Natalia 'Natu' Przybysz, Motion picture

Moving story makes us cry
My life is a mention picture
within emotion scripture
That only I could get
Sometimes it's hard
and difficult to play my own part
It's like flying and dying
flying and dying in and out
'bout now I only do what I do
Feel what I feel to heal what i heal.
Since You've touched
me with Your loving
Like a movie life is flowing
Such a beauty in Your eyes
No need no changes - no
No new clothes - no
I eat some breakfast
Walk on the same walks
Wherever I go I'm feeling good
But I need my song to sing
To maintain my peace of mind
Moving story makes us cry.
