Natalia 'Natu' Przybysz, Walk my path

I've been sitting here For a long time Trying to forget and ease my mind How we used to kiss for a whole night 'till the first lights made us realize we loose the track of time Like a child I don't know why should I let You go tonight I'd rather fly with You To the bright sky of an open mind that's free to face the heart. Shoo fly Don't bother me Cause I belong to somebody. It's so bright It's alright I've got my Ife and You've got your life I've got missions And You walk Your path But there's nothing we do without love So please Darling be with me tonight
