

# Natalie Brown, Come Closer

Have you heard the news today?  
Theres just so many problems  
Its a shame what some people will say  
That youre different from me  
And so we cannot solve them

Look at me look at you  
Theres a difference you see  
But it dont even matter  
Where youre from  
Where Im born  
We all wanna be free  
We got to come closer

Dont you know when youre all alone  
It seems like theres a mountain to climb  
On our own divided we fall  
So united we stand as we drink  
From the fountain of life

Look at me look at you  
Theres a difference you see  
But it dont even matter  
Where youre from  
Where Im born  
We all wanna be free  
We got to come closer

And so lets go  
Down to the place  
Where we all show  
The world that together  
We can all flow  
As one people we can all grow  
Weve got to come closer

Look at me look at you  
Theres a difference you see  
But it dont even matter  
Where youre from  
Where Im born  
We all wanna be free  
We got to come closer
