

# Natalie Brown, How I Love 2 Luv U

I wanna write you a letter  
To say whats on my mind, for the next  
Time were together, oh baby  
Its gonna be a night to remember  
A ride you wont forget, Ill give you some  
Spice and some sugar, oh baby

Ooooh how I love 2 luv u baby  
Ooooh how I love 2 love you  
Ooooh how I love 2 luv u baby  
Ooooh how I love 2 love you

Why dont you just save me some time  
So I dont have to write this, I wish you could  
Read my mind, and just come over  
Im burning deep down inside  
And only you can relieve this, so baby lets  
Make a plan, come on over
