

# Natalie Cole, Good To Be Back

Written by Pam Reswick/Steve Werfel

Background Vocals: Natalie Cole

Let me look at you, just look at you

You're a sight for sore eyes, yes you are

If you knew how many nights I spent holding you so tight

Then I'd wake up and we're still apart

Now you're really near and I'm really here

And I can wrap my arms around you, yes I can

This is just like I remember, no I think its even better

Maybe even more than I can stand

Baby, its good to be back, so good to be back

Baby, its good to be back in your arms again

Baby, its good to be back, so good to be back

Honey, its good to be back with you, oh yeah

Well its not the first time we've been apart

But as far as I'm concerned its the last

I don't care what we have to do to stay together from now on

But those days away from you are past

'Cause when I go through the day and I haven't seen your face

Seems like nothing that I do feels right

You're the one I wanna see when I wake up every day

You're the one I wanna kiss goodnight

Baby, its good to be back, so good to be back

Baby, its good to be back in your arms again (ooh)

Baby, its good to be back, so good to be back

Honey, its good to be back with you

So good, so good, so good, so good, so good with you, baby

So good with you

Why don't you start me up with just one kiss

That's just one of the things I've missed

You better kiss me once again 'til it finally settles in

Well, I think I could get used to this

Baby, its good to be back, so good, so good to be back, real good

Baby, its good to be back in your arms again, I just got to say it

Good to be back, so good to be back

Honey, its good to be back with you

Baby, its good to be back, feels mighty good to be back

Baby, its good to be back with you

Baby, its good to be back, so good, so good to be back

Aw honey, honey its good to be back with you

And its so good to be back, aw sing it girls

Yeah, good to be back, I like the way you sang

Baby, its good to be back in you're arms again

Sang, sang, sang, sang

And it's so good to be back...
