Natalie Cole, Introduction/Our Love

Written by Chuck Jackson and Marvin Yancy I have a special message that I would like to leave with you It's not anything real big, you can stick it in your back pocket And fold it up in a piece of paper and put it in your diary Uh, you know, somewhere you keep special things Oh, but now the clock on the wall Says----it's time to go Oh, but baby, baby, baby, baby, baby, baby Oh, Baby, I don't want to go, no, no, no, no So I will leave you a little message My very own, my very, very own, from me to you You're my morning star (you're my morning star) Shining brightly beside me And if we keep this love We will last through all eternity Just the way we are, I love it, love is It's just the way it should be 'Cause our love will stand tall as the trees Our love will spread wide as the sea Our love will shine bright in the night Like the stars above, and we'll always be together (Our love) " Did you enjoy yourselves this evening? & quot; Hmm, my love is surely one thing You can surely depend on In times of darkness and fear I go to you, I know you'll make me strong You're gonna make me happy And you're gonna make me smile 'Cause our love will stand tall as the trees Our love will be for the whole world to see Our love will change people's wrongs to right

And will never die 'cause we'll always have each other----
