Natalie Cole, Somewhere Along The Way

I used to walk with you Along the avenue Our hearts were carefree and gay

How could I know I'd lose you Somewhere along the way?

The friends we used to know Would always smile, "Hello" No love like our love they'd say

Then love slipped through our fingers Somewhere along the way

I should forget
But with the loneliness of night
I start remembering everything

You're gone and yet There's still a feeling deep inside That you will always be part of me

So now I look for you Along the avenue And as I wander I pray

That some day soon, I'll find you Somewhere along the way

I should forget
But with the loneliness of night
I start remembering everything

You're gone and yet There's still a feeling deep inside That you will always be part of me

So now I look for you Along the avenue And as I wander I pray

That some day soon, I'll find you Somewhere along the way Somewhere along the way
