

Natalie Grant, You Move Me

I stand in awe
that you know my name
just a glimpse of your love for me
and now I am changed
becuz you showed me how to walk a different way
I have peace like I never known
I am living

(Chorus)
You move me
Lord you move me
theres a fire burning in my soul
and its flowing through me
Lord you move me
Lord you move me
Now I must tell the world what I know
You move me

For too many years I have been color blind
Only saw in shades of gray
stuck in black and white
but by grace you opened my eyes
now I see the light
and your love has covered my world
and makes my soul cry
(chorus)

Day after day I'm amazed that you gave your life for me.
when I think of the price that you paid
how can I not say
(chorus)2x

you move me
yeah yeah
You move me
you move me
yes you do
oh your love amazes me
yeah yeah yeah
you move me.
yeah yeah
yeah yeah
