

Natalie Imbruglia, What's The Good In Goodbye

All my stars
Are upside down
And you're not there
When I turn around
I don't wanna be on my own
And I don't wanna bring you down
I just can't figure out
What's the good in goodbye
When there are no reasons why
When you're gone
I have nothing you know
I don't wanna say goodbye
When there's heaven in hello
When you touch down
Remember this
The more you leave behind
The more I miss
I don't wanna fall asleep
And I don't wanna wake alone
I just can't work it out
What's the good in goodbye
When there are no reasons why
When you're gone
I have nothing you know
I don't wanna say goodbye
When there's heaven in hello
Did you have to go?
I don't wanna see you leave
What could the memories
Distance stretches further with the time
Everytime I close my eyes
You're fighting off the sunrise
Now we're only voices down the line
Tell me, tell me why
What's the good in goodbye
When there are no reasons why
When you're gone
I have nothing you know
I don't wanna say goodbye
When there's heaven in hello
When you're gone for so long
I don't know
What's the good in goodbye
When there are no reasons why
And there's heaven in hello
I'll never know
Why you had to go
