

Natasha Bedingfield, Let Go

Foggy mornings
Weekday grind
Take a minute to free your mind
Monday madness
Sunday's best
Let's go take a walk
And catch our breath

Can't let the little things get you down
The Sun's shining
Let enjoy right now
No matter where we go
When we close our eyes
Know it will be alright
Well dive through the Ocean
And soar through the skies
Let go and enjoy the ride!

Let go and enjoy the ride! Waves are crashing
Sandy feet
Let our troubles wash out the to sea
Climb a mountain
Name a star
We're free to be who we are
You know it doesn't get better than this

No matter where we go
When we close our eyes
Know it will be alright
Well dive through the Ocean
And soar through the skies
Let go and enjoy the ride!
