

Natasha Bedingfield, Love song to the earth

This is an open letter
From me and you together
Tomorrow's in our hands now
Find the words that matter
Say them out loud
And make it better somehow

Looking down from up on the moon
It's a tiny blue marble
Who would've thought the ground we stand on could be so fragile

This is a love song to the earth
You're no ordinary world
A diamond in the universe
Heaven's poetry to us
Keep it safe, keep it safe, keep it safe

Cause it's our world, it's our world

It's not about religion
Money, or perception
How many years we might live
When the only real questions that matters is still a matter of perspective

Looking down from up on the moon
It's a tiny blue marble
Who would've thought the ground we stand on could be so fragile

This is a love song to the earth
You're no ordinary world
A diamond in the universe
Heaven's poetry to us
Keep it safe, keep it safe, keep it safe

Cause it's our world, it's our world
It's our world, it's our world, it's our world
It's our world, it's our world, it's our world

This is a love song to the earth
You're no ordinary world
A diamond in the universe
Heaven's poetry to us
Keep it safe, keep it safe, keep it safe

Cause it's our world
This is our world
It's our world
It's our world
