

Natasha Thomas, Curious

(feat. Triple C)

I'm checkin' it but I ain't flippin'
Takes a lot to get me trippin'
Can't deny my heavy breathin'
Cause you got me feelin' amorous
Gettin' a little adventurous

Just wanna get with you is what I'm sayin'
I'm a big girl I ain't playin'
Want a little piece of heaven
You're a little mysterious
It's makin' me curious

So if you wanna make it
Baby come and get it
This could be a glorious night
If we let it
If you wanna get with me
Baby come and tell me
Got a feelin' you'd know how to please me

Baby boy I see you starin'
Kinda dig the style you're wearin'
Sexy thug you got me swearin' (damn)
I'm a little bit glamorous
He's a little bit dangerous

Tell me where we're gettin' at
Cause I know where your head's at
Been thinkin' 'bout some of that
Cause you're makin' it obvious
That you're a little bit curious
