

# Natasza Urbańska, Lift U Up (piosenka na Eurowizję 2017)

They say goodbye  
But I ain't done yet  
Want me to hide  
Live in the shadows  
They think that I'm cold  
'Cause I never show  
I can be vulnerable  
You wanna know?  
Know, know, know

Underneath my armor I am human  
I suffer when you hate on me  
But love you like a symphony  
I will show the power of a woman  
'Cause once upon a time I had a dream

To lift you up  
Up with the voice of my heart, my heart  
I'll la la la la lift you up  
Want to get rid of the dark, the dark  
Yeah, I just wanna lift you

Up, so follow me Yeah  
Dance along with me Ooh-ooh  
We will never be lonely  
I'll lift you up  
Up with the voice of my heart, my heart  
I'll la la la la lift you up

At 3 in the morning  
Can't make a mistake  
The cameras rolling  
I keep on, keep on going  
Stay true to myself True to myself  
I know who I am Know who I am  
Yeah, I'm good as hell  
Yeah, yeah, yeah

Underneath my armor I am human Human  
I suffer when you hate on me  
But love you like a symphony  
I will show the power of a woman Woman  
'Cause once upon a time I had a dream

To lift you up  
Up with the voice of my heart, my heart  
I'll la la la la lift you up  
Want to get rid of the dark, the dark  
Yeah, I just wanna lift you

Up, so follow me Yeah  
Dance along with me Ooh-ooh  
We will never be lonely  
I'll lift you up  
Up with the voice of my heart, my heart  
I'll la la la la lift you

Why don't you speak to my heart?  
Baby, no  
Open me up with your love,  
yeah-yeah-yeah-eah

Up  
Up with the voice of my heart, my heart

I'll la la la la lift you up  
Want to get rid of the dark, the dark  
Yeah, I just wanna lift you

Up, so follow me Yeah  
Dance along with me Ooh-ooh  
We will never be lonely Lonely  
I'll lift you up  
Up with the voice of my heart, my heart  
I'll la la la la lift you up
