

# Nate Ultra, Free

Where did we go wrong  
where did we lose our faith  
my brother is in me  
but he can't depend on me  
you think give more love a try  
maybe you could find a better friend  
than any other  
if you gave more than you took  
life could be so good  
c'mon and try (Now's the time)  
cos you are free to do what you want to do  
you've gotta live a your life  
do what you want to  
oh - we are strangers  
does anyone really care deep down  
we're all the same  
try to touch out our pain  
think you could never trust another  
cos they're all lost to pleasure  
never trust another  
we've to live in this world together  
open up our hearts  
love can finally start  
c'mon and try (Now's the time)  
cos you're free to do  
what you want to do  
you've gotta live a your life  
do what you want to do  
cos you're free to do  
what you want to do  
you've gotta live a your life  
do what you want to do  
do what you want  
do what you wanna do  
do what you want  
do what you wanna do  
do what you want  
do what you wanna do  
when you are down  
and you're feeling bad  
everybody has left you sad  
feels like no one will pull you thru  
it's your life  
what you're gonna do do do  
make that changes start today  
start today  
get out of bed  
get on your way  
on your way  
don't be scared  
the truth's right here  
if you want you want it  
reach for it  
you're free to do  
what you want to do  
you've gotta live a your life  
do what you want to do  
you're free  
you've gotta live your life
