

Nathalie, Heartbeat

It's the best of my heart
What you feel deep inside
And it means you better stay behind my love

It's the dance at your soul
That you try to release
Never unchain your hot emotions

Feel it feel it babe feel the fire
Is burning deep inside me
Listen listen honey listen to
Drum is in to you

Dance to the
Heartbeat woh oh oh
You better take your chances right now
Dance do the
Heartbeat and let it go
Seek the power that in your body flows

Dance to the
Heartbeat woh oh oh
You better take your chances right now
Dance do the
Heartbeat and let it go
Seek the power that in your body flows

It's the sound at your heart
That you hear deep inside
And it means you better change your
plans right now

It's a whisper of life
That you try to believe
Never give up without defending

Feel it feel it babe feel the fire
Is burning deep inside me
Listen listen honey listen to
Drum is in to you

Dance to the
Heartbeat woh oh oh
You better take your chances right now
Dance do the
Heartbeat and let it go
Seek the power that in your body flows

Dance to the
Heartbeat woh oh oh
You better take your chances right now
Dance do the
Heartbeat and let it go
Seek the power that in your body flows

It's the best of my heart
What you feel deep inside
And it means you better stay behind my love
