Nathan Sykes, Over And Over Again

From the way you smile To the way you look You capture me Unlike no other

From the first hello Yeah, that's all it took And certainly We had each other

And I won't leave you Always be true One plus one, two for life Over and over again

So don't ever think I need more I've got the one to live for No one else will do I'm telling you

Just put your heart in my hands I promise it won't get broken We'll never forget this moment It will stay brand new 'Cause I'll love you Over and over again

Over and over again

From the heat of night To the break of day I'll keep you safe And hold you forever

And the sparks will fly They will never fade 'Cause every day gets better and better

And I won't leave you Always be true One plus one, two for life Over and over again

So don't ever think I need more I've got the one to live for No one else will do I'm telling you

Just put your heart in my hands I promise it won't get broken We'll never forget this moment It will stay brand new 'Cause I'll love you Over and over again

Over and over again

Girl when I'm with you I lose track of time When I'm without you You're stuck on my mind

I'll be all you need Until the day that I die I'll love you Over and over again

So don't ever think I need more I've got the one to live for No one else will do I'm telling you

Just put your heart in my hands I promise it won't get broken We'll never forget this moment It will stay brand new 'Cause I'll love you Over and over again

Over and over again

Over and over again
