

Natural, Human Being Human

Karma took the day off

Keep your heads up

I'm not joking

They don't give you many

I don't take any

I don't know nothing I can't lie

I'm good inside

I even cry sometimes

[CHORUS:]

I'm too real

I'm too human being, human

I'm too real

Just a human being human

Being me

I don't know what you'd call it

Fear of falling, paranoia

I watch were I'm walking

And who I'm calling

You never do know I can lie

I'm good inside

I even cry sometimes

[CHORUS]

[INSTRUMENT BREAK]

[CHORUS]

Just a human being human being me, being me
