

# Naughty Boy, Should've Been Me (ft. Kyla & Popcaan)

I needed a little space  
Honest, I thought you'd stay waiting  
I made my last mistake  
You're happy and I hate it

And now I know that I spoke too soon  
Seeing how fast you made moves  
I want you so bad  
I know you do, know you do, know you do  
I want you back but you're gone  
All on my own I miss you  
I know it's too late can't handle that truth  
I want you so bad  
I want you back but you're gone

It should've been me all along  
It should've been me every time I closed my eyes  
Yeah I can see, those times where I used to be  
Oh, God, it should've been me all along

Well how is that it seems  
'Cause you don't think of me that often  
How could I let you leave me?  
Well it's too late now to stop you

And now I know that I spoke too soon  
Seeing how fast you made moves  
I want you so bad  
I know you do, know you do, know you do  
I want you back but you're gone  
All on my own I miss you  
I know it's too late can't handle that truth  
I want you so bad  
I want you back but you're gone

It should've been me all along  
It should've been me every time I closed my eyes  
Yeah I can see, those times where I used to be  
Oh, God, it should've been me all along

It should've been, should've been me  
It should've been me, should've been me all along  
It should've been me all along

It should've been me all along  
It should've been me every time I closed my eyes  
Yeah I can see, those times where I used to be  
Oh, God, it should've been me all along

It should've been, should've been me  
It should've been me, should've been me all along  
It should've been me all along
