

Naughty By Nature, It's On

Once again it's on...

[Treach]

Put me on the planet, dammit, where all the sistas look like Janet
Slick consider this how I lick it and then fan it
Pick, rub and ran it how I run it yeah I ran it
And it ran frantic rub put new poonanie panic
Plan it, as a package, pick it and then pack it
Trick it and attract it, throw a crack then catch it
Quick as Richocet Rabbit, quick cause it's a habit
To rap it as fast as another brother running rapid

[Vin Rock]

Never call you Sir, who gives a damn if you Mixalot?
East Coast gets the props, producers rock your knot
Baby ain't got back, baby got black
That's why you see the black baby and you respect that

[Treach]

Checka check it out, on and on and on, rock on
To the breaka breaka dawn it's on

[Charlie B] "On and on and on, on and on and on
Checka checka it out, to the breaka breaka dawn"

[Vin Rock]

Make room for one rude boy, bad mood boy, new and old school boy
Now watch a true man take out all the school boys
And don't get out of touch cause you just get a slut
With a "Closed For Repair" sign on your nuts

[Treach]

Yeah we're the thing slangers, body boom bangers
Breaking in your shit with a hanger
Damn real I'm gonna live it up
Never forgive your cut on my back watching your girl's gap give it up

[Vin Rock]

I touch you where it hurts first, brutalize you with a verse
Criticize, my lyrics work
Think about a lost block, black stop
I'd rap and make a wack drop then slap you with my back drop

[Treach]

The boom-bang slap papper's fat fat
Step in my path and get that ass cr-crack cracked
Checka check it out, on and on and on
Rock on, to the breaka breaka dawn it's on

"On and on and on, on and on and on
Checka checka it out, to the breaka breaka dawn" [x2]

[Treach]

Singing like a buddha bang, hang out with a true crew down with the coochie
bang
Brothers come to do the same
But monkey see, monkey do, get your monkey ass played

[Vin Rock]

Individuals get original cause a this a be critical
And pickable and pitiful
I ain't with the big con heart
Ripping other rhymes apart, here to spark me some iron parts

[Treach]

I stick to a city with some rippple, hit a bitty from the middle

Hang on kitties like a cripple nipple

Checka check it out, on and on and on

Rock on, to the breaka breaka dawn it's on

"On and on and on, on and on and on

Checka checka it out, to the breaka breaka dawn" [x2]
