

# Nazareth, Cheerleader

Legs up to her shoulders  
All the way back down  
She's not playin', she knows what she's doin'  
And the word's out on the town  
She wanna be a cheerleader  
A cheerleader  
She got the moves  
She got the grooves  
All the boys need her

Oh oh that's the way she wants to be  
Cruisin' the touch line at a quarter to three  
See her ? she wanna be a cheerleader

Now she's gettin' bolder  
Now she gets around  
She's not takin' no for an answer  
She's not getting down

She's a no teaser  
A no pleaser  
She got the drive  
She got the jive  
She's a big squeezer

Oh oh that's all she wants to be  
Shake a little tush for the boys to see  
Wanna be her ? a cheerleader

But what she wants the most  
To be the perfect host  
She wants to play the field all over

She needs it most of all  
When it's too close to call  
She wants to rock and roll all over  
Yes all over

Legs up to her shoulders  
All the way back down  
She's not playin', she knows what she's doin'  
The word's out on the town

She wanna be a cheerleader  
A cheerleader  
She got the moves  
She got the grooves  
All the boys need her

Oh oh that's all she wants to be  
Shake a little tush for the boys to see  
Wanna be her ? a cheerleader

Oh oh that's all she wants to be  
Cruisin' the touch line at a quarter to three  
See her ? she wanna be a cheerleader

See ? her, wanna be a cheerleader
