

Nazareth, Goin' Loco

I ain't got no time at all
I ain't got no space to take a fall
I'm cracking up
I'm breaking down
I'm chucking out my marbles
And I'm falling to the ground.

I ain't got no space to hide
I ain't got no peace inside
I'm all burned out
I'm caving in
Now sometimes got to give
'Cause it's really getting under my skin.

Because I'm mad, bad and dangerous to know
I'm so sad, I'm losing my mojo
I'm goin' loco
I'm one stop short of a bus ride
Goin' loco
A shoo in case for a suicide.
Hey!

Medicated, so frustrated
Life is getting complicated now.

I ain't got no time at all

Hey!

Medicated, so frustrated
Life is getting complicated now.

Don't let them
Get you down
Don't let them
Run your life.
