Nazareth, Rip It Up

My head is dancin' like a ball full of fire
Burnin' up with the flames gettin' higher
Rip it up, rip it up good
Rip it up like you know you really should

We never have to say a thing to one another
The band is hot 'n' there playing it like a mother
Rip it up, rip it up good
Rip it up like y'know you really should

Get you on the rebound, catch y'when you fall
Singin' "Long Tall Sally", gonna rip it up, rip it up

Sweet is drippin' from the ceiling an' the walls
Word is out.I hear the curtains gonna fall
Rip it up, rip it up good
Rip it up like y'know you really should

Get you on the rebound, catch y'when you fall
Singin' "Long Tall Sally", gonna rip it up, rip it up

Rip it up, rip it up good
Rip it up like y'know you really should

Get you on the rebound,catch y'when you fall
Singin' "Long Tall Sally", gonna rip it up, rip it up

Ooh, rip it up, rip it up (rip it up)
Ooh, rip it up, rip it up (rip it up,rip it up)
