STEAMROLLER

Here she come, right on time
Tenement mixer, givin' the hard line
Hammerin' down walls of steel
Permanent fixer, it a bad sign
She runnin' right over you
Ain no way to control her...steamroller

Can figure you out, she big trouble
Soul-contractor, makin' your pain pay double
Don wanna know, out no last chance
Outa time, now youe last year model
She crawlin' all over you
Still you try to console her.....steamroller

She rollin' all over you
Try survivin' below her
She rollin' all over you
Like a head-kickin' ass-whippin' Steamin' demon fast bowler.....steamroller

Here she come, there you go
Boa-constrictor, takin' it real slow
Price of fame, down to zero
She a run-away train, puttin' on a real show
She comin' back over you
Like a Bay City roller.....steamroller

Steamroller...steamroller...steamroller
