

Ne-Yo, Addicted

(Spoken)

Let me talk to em

I guess you know you made it when they start talking bout you, right?

Welcome to fame

Ya'll don't pay me no mind, I just gotta get some stuff off my chest

Listen

Young, energetic, famous but don't really sweat it

Rich enough, fairly hot - so basically sex is not:

Difficult to get

That ain't my fault, naw naw

Listen

And just cuz I might take advantage once or twice

People tell me I'm not right, thinking that sex was my life

But that just ain't me

So let me clear it for those who have obviously misread the code

Listen to me now

NO

I

AM

NOT

I'm not ADDICTED TO SEX

But girl I guarantee that if you lay with me

You just might be

NO

I

AM

NOT

I'm not ADDICTED TO SEX

But girl I guarantee that if you lay with me

You just might be yeah

I wanna 'pologize for bein just a little freaky

I can't help it, it's just in me

But a problem it is not

I'm just fine ya'll

Don't worry bout me

Listen

And I wanna 'pologize

For bein blessed with the ability to satisfy accurately

And quickly find the spot

It's a gift and a curse

Don't mess around - find my number

In your girlfriend's purse

NO

I

AM

I'm not ADDICTED TO SEX

But girl I guarantee that if you lay with me

You just might be

I never been shy bout my self and sexuality

Never been taboo (never been taboo but if I)

Have to live without

I know its something I could do
But I just really don't want to
