

Ne-Yo, Don't Fall In Love

Please don't say what I think you're about to say
Don't take the mood away
By asking questions you already know the answers to
No you're not my only girl... I ain't tryna be your man
We had an understanding... So then why are you acting like you no longer understand
Don't fall in love
Girl I'm not the one
No emotions babe... we just having fun
All I'm gonna do is hurt you (baby please don't fall) [x2]
It's kinda why I didn't wanna start this in the first place (just a physical thing)
But you lied to me said it's cool if we do our thing
Girl you know I never ever lead you on that's wrong I change my ways
Baby why can't we just stay this way
Don't fall in love
Don't fall in love
Girl I'm not the one
No emotions babe... we just having fun
All I'm gonna do is hurt you (baby please don't fall) [x2]
