

# Neaera, Walls Instead Of Bridges

Ears deaf - eyes blind  
Mouth shut  
Day by day  
Victim after victim  
Blood runs softly down the screen  
Degenerating  
For the lifeless and the weak  
Degenerated  
Minds off - heart cold  
Into the state that leaves the blind unvoiced  
More illusions - (more viewing figures)  
The great rebellion against reality  
Truth versus media  
Obey the Pied Piper of this century  
There are barricades instead of trails  
And walls instead of bridges  
Walls instead of bridges - I can't fight no more  
Walls instead of bridges - Shall I fight for  
Walls instead of bridges - For this fucking doom?  
Walls instead of bridges  
Tear them down  
It's time to wake up  
No longer be a part of this nightmare  
In which violence and lies dominate
