

Necromantia, For the light of my darkness

You Calm And Heal My Restless Soul
Brighten The Blackness of my Heart
You Light The Fire in my Cold Blood
Our Spirits Unite As One
My dark Seductive Mistress
Enchantress of Gods and Men
No Words can Reach Your Beauty
Vampire Queen Of My Hell
For The Light of My Darkness
The Slayer of My Sadness
For The Light of My Darkness
The Healer of My Madness
Only Your Touch Can Ease My Hate
Only Your Lips Can Stop My Rage
I've Seen your vision in My Dreams
Bewitching Empress on Night's Wings
Not Even Death Can Do us part
For Years And Aeons Still To Come
We'll Still Be Here To Win Our Wars
And Reign Supreme My Dearest One
Only Your Flesh Can Quench My Thirst
Only Your Soul Can Kiss My Thoughts
No Goddess Can Compete Your Charm
Your Rebel Spirit Shades The Sun
