

Nedelle, Republic of Two

Have you noticed I'm not myself lately.
Do you realize what you're doing to me.
My eyes have no defenses.
Don't Wipe away my tears.
I know they like me best, I've been doing this for years.
Will you run away with me someday.
They wont even know were gone.
We could stay in my bed until then.
Just me and you from now on.
They saw me rise my fears on the 6 o'clock news.
Everyday a new drug to get rid of these blues.
Don't know who to trust, don't want to take a chance.
I might end up alone, like my high school dance.
Will you run away with me someday.
They wont even know were gone.
We could stay in my bed until then.
Just me and you from now on.
Sometimes I wish I was invincible like you.
Or maybe its more simple, just don't care like I do.
I'm aware self-pity wont make you appear.
But you should know more on being sincere.
Will you run away with me someday.
They wont even know were gone.
We could stay in my bed until then.
Just me and you from now on.
A republic of two from now on.
