

Negative, Angels Won't Lie

Another wasted moment
Realising we're not real
Can you hear the angels calling?
When night is young and silence comes
You touch my face and I break down

Dreaming on
Tonight
We are safe and free
Under the wings
In the safest place
I close my eyes
For a while and you are there
We fly behind the stars
Where the distance ends, tonight

I'm sleeping with eyes wide open
You're my eyes when I'm not there
This everlasting angels calling
It can't be real, this must be a dream
You touch my face, you set me free

Dreaming on
Tonight
We are safe and free
Under the wings
In the safest place
I close my eyes
For a while and you are there
We fly behind the stars
Where the distance ends, tonight

When night is young and silence comes
You touch my face, and I break down
This can't be real, this must be a dream
You touch my face, you set me free

Dreaming on
Tonight
We are safe and free
Under the wings
In the safest place
I close my eyes
For a while and you are there
We fly behind the stars
Where the distance ends, forever free
Forever free
Free
