

# Negative, Lost Soul (acoustic)

open my grave and  
let the sun shine in  
i am just a lost soul  
help me to grow  
show me the way  
the way into your heart

oh, can't you see  
how i'm dying? i've got no  
reason to be proud  
drink this water around  
me before i drown

god save the queen  
but why can't god save me  
all the flowers die tonight  
tear drops falling  
down my face  
and all the candles lose  
their flames

and the more we grow  
the less we know  
until the time  
we lose it all

look at me now  
i'm broken and empty  
why does it always  
rain on me?  
give me yoyr heart  
so i can live

god save the queen...
