## Neil Diamond, Another Day (That Time Forgot)

(feat. Natalie Maines)

Another sunny afternoon
Denies the worried look that's on my face
Connected through the years
It somehow took us both in separate ways
Was on a day that time forgot
Another day that time forgot
Oh no
Oh no

Should've held you till the storm went by We had nothing left to hang on to Too many words you said But not the words connected me to you Just another day that time forgot Another day that time forgot Oh no Oh no

The two of us we both just let it fly Didn't see it leave; didn't even try. I only know that we were moving on Suddenly it's gone; Heaven knows why. Oh no Oh no

Don't have a reason I can give
At least not one that I can understand
Just somehow disappeared
It slipped beneath the fingers on my hand
It was on a day that time forgot
Another day that time forgot
Oh no
Oh no

We had it once, but we just let it fall Should've held it close; could've had it all. I'm thinking about the life we could have made Lost the one we had somewhere along the way Oh no Oh no

I woke up all alone again
A half-remembered dream inside my head
You took me through the day
Followed me at night into my bed
It was a day that time forgot
Another day that time forgot
Oh no

Oh no Oh no Oh no Oh no

Oh no Oh no Oh no

Oh no Oh no Oh no

Oh no Oh no Oh no

Oh no Oh no
