

# Neil Diamond, Heaven Can Wait

Heaven can wait for a while  
'Cause I've got some things left to do  
And I'm going home to a place  
I've been gone from too long  
Without being with you

Heaven can wait for a while  
I've got some things left to see  
Take me along to a place  
I've been gone from too long  
Without being with you  
And heaven can wait till I do

Heaven can wait for a while  
I've got some things left to say  
And I'm going home to a place  
I've been gone from too long  
Without being with you

Heaven can wait for a while  
'Cause I've got some things left to do  
And I'm going home to a place  
I've been gone from too long  
Without being with you  
And heaven can wait till I do  
And heaven can wait till I do  
You do one Richie....
