

Neil Diamond, It Don't Seem Right

Sweet words

That you once whispered into my ear,
Promised you'll always be by my side
Now you say that we're thru,
'Cause you found someone new
And to me it don't seem right

And when I ask if there is a chance that we
Somehow could love again like before
You just say "It's the end"
You just want to be friends
And to me it don't seem right.

Well, I'm beggin' you say it's not the end
I don't know what I've done,
But I won't do it again
I still remember all the good times we had
Good time that went to make a romance
So it hurts to be told
I'm out in the cold
And to me it don't seem right.
