

Neil Diamond, Runnin' Free

Travelin' with the sun, that's where I'll be
I'm always on the run
Runnin' Free

Runnin' Free, wind whistlin' through my hair
Callin' to me
Follow me if you dare
Runnin' Free
Runnin' Free

Well a man wasn't made to lie in the shade
Dreaming of far away things
He was born to be free
That's a man's destiny
He can't live if he's tied to strings

Follow the river's flow down to the sea
I'm always on the go,
Runnin' Free
Runnin' Free
