

Neil Diamond, September Morn'

stay for just a while, stay and let me look at you
it's been so long i hardly knew you' standing in the door
stay with me a while' i only want to talk to you
we've traveled halfway around the world to find ourselves again

setember morn
we danced until the night became a brand new day
two lovers playing scenes from some romantic play
september morning still can make me feel that way

look at what you've done
why you've become a grown up girl
i still can hear you crying
in the corner of your room
and look how far we've come
so far from where we used to be
but not so far that we've forgotten
how it was before

september morn
do you remember how we danced that night away
two lovers playing scenes from some romantic play
september morning still can make me feel that way

setember morn
we danced until the night became a brand new day
two lovers playing scenes from some romantic play
september morning still can make me feel that way

setember morn
we danced until the night became a brand new day
two lovers playing scenes from some romantic play
september morning still can make me feel that way

sepember morning still can make me feel that way
