

# Neil Diamond, Where Do You Run?

Where do you run  
To hide the hurt  
Where do you hide the pain  
Tears that fall like rain  
When your somebody wants somebody new

Where do you run  
After you've found  
All of the things she said  
Were meant for him instead  
And now you know  
That you just don't belong  
You give all you got  
And for what  
You just turn your back on her  
And someone else is standing

Where you were  
Where do you run  
When you realize  
That everything you do  
Things we did as two  
Is just no fun to do  
When done by one

Where do you run  
Where do you run  
Where do you run
