

# Neil Diamond, You Are My Love At Last

I have searched the whole world  
Looking for that one girl  
That was in the past  
And you are my love at last

You're my one desire  
Set my soul on fire  
Now a spell is cast  
And you are my love at last

You are life to me  
And my destiny  
Things a mortal man wouldn't understand  
I see paradise deep within your eyes

I am yours forever  
I have hungered for you  
Wanting to adore you  
No more do I fast  
For you are my love at last

I am yours forever  
I have hungered for you  
Wanting to adore you  
No more do I fast  
For you are my love at last

You are my love at last  
You are my love at last  
You are my love at last  
You are my love at last  
You are my love at last
