

# Neil Young, California Sunset

I remember long ago  
How I wondered where I'd go  
While the blizzards,  
cold wind and snow  
Pounded outside my window.

California sunset  
Going down in the West  
All the colors in the sky  
Kiss another day goodbye.

Land of beauty,  
space and light  
Land of promise,  
land of might  
You're my home now  
and it's true  
California, here's to you.

California sunset  
Going down in the West  
All the colors in the sky  
Kiss another day goodbye.

California sunset  
Going down in the West  
All the colors in the sky  
Kiss another day goodbye.

The golden state!
