

Neil Young, Do I Have To Come Right Out And S

Do I have to come right out
and say it,
Tell you that you look so fine?
Do I have to come right out
and ask you to be mine?
If it was a game I could play it,
Trying to make it
but I'm losing time
I got to bring you in,
you're overworking my mind.

Indecision is crowding me,
I have no room to spare
And I can't believe she cared
Like a dream she has taken me
And now I don't know where
And a part of me is scared
The part of me I shared
Once before.

Do I have to come right out
and say it,
Tell you that you look so fine?
Do I have to come right out
and ask you to be mine?

Indecision is crowding me,
I have no room to spare
And I can't believe she cared
Like a dream she has taken me
And now I don't know where
And a part of me is scared
The part of me I shared
Once before.

Do I have to come right out
and say it, girl
Tell you that you look so fine?
Do I have to come right out
and ask you to be mine?
If it was a game I could play it,
Trying to make it
but I'm losing time
I got to bring you in,
you're overworking my mind.

Do I have to come right out
and say it, girl
Tell you that you look so fine?
