## Neil Young, My Heart

Down in the valley the sheperd sees His flock is close at hand And in the night sky a star is falling down From someone's hand

Somewhere, somehwere, I gotta get somewhere It's not too late, it's not too late I've got to get somewhere

This time I will take the lead somehow This time you won't have to show me how

When dreams come crashing down like trees I don't know what love can do When life is hanging in the breeze I don't know what love can do

My heart, my heart I've got to keep my heart It's not too late, it's not too late I've got to keep my heart

My love, I will give to you, it's true Although I'm not sure what love can do

Somehwere, somewhere I've got to get somewhere It's not too late, it's not too late I've got to get somewhere

Somewhere someone has a dream come true Somehow someone has a dream come true
