

Neil Young, Name Of Love

You who rule
upon the land,
You hold the future
in your hand,
When you take your people
down the road,
Before another bomb
explodes.
Can you do it
in the name of love?
Can you do it
in the name of love?

And when you sail
upon the sea
This one's for you,
this one's for me.
Before another missile
flies
You who soar into the sky
Can you do it
in the name of love?
Can you do it
in the name of love?

And so I shout it
around the world
To every boy and every girl,
Yeah, I shout it
around the world
To every boy and every girl,
Can you do it
in the name of love?
Can you do it
in the name of love?

Can you do it
in the name of love?
