Neil Young, Piece Of Crap

Tried to save the trees Bought a platsic bag The bottom fell out It was a piece of crap

Saw it on the tube Bought it on the phone Now you're home alone It's a piece of crap

I tried to plug in it I tried to turn it on When I got it home It was a piece of crap

Got it from a friend On him you can depend I found out in the end It was a piece of crap

I'm trying to save the trees I saw it on TV They cut the forest down To build a piece of crap

I went back to the store They gave me four more The guy told me at the door It's a piece of crap
